GERMANY SEEMS VICTOR IN SEA BATTLE

KAISER'S FLEET SINKS FOURTEEN BRITISH SHIPS

GERMANS LOSE BATTLESHIP, TWO SMALL CRUISERS AND TORPEDO CRAFT

German Fleet Engages British in North Sea jn What Probably Was the Greatest Naval Battle in the World's History—Casualties Are Heavy —Only Two of Crew of 900 on Indefatigable Are Saved.

Great Britain and Germany again have met in battle at sea and Germany apparently, so far as the details have been made known, was the victor. At the bottom of the North Sea, off the west coast of North Denmark, lie at least three British battle cruisers, three cruisers and eight torpedo boats and the German battleship Pommern and two small German cruisers and a number of German torpedo craft.

Great Britain admits the loss of battle cruisers and cruisers with a tonnage of 114,810—represented by the Battle Cruisers Queen Mary, Indefatigable and Invincible and the Cruisers Defence, Black Prince and Warrior. Germany's losses, in addition to the Pommern were the Wiesbaden and Frauenlob, both the latter small cruisers, and several torpedo boats.

The Germans claim in addition to the admitted loss of Great Britain that the British Warship Warspite of the largest type in the British navy was sunk, that the Battleship Marlborough was hit by a torpedo and that two cruisers of the Achilles type (the Warrior is of this class) and one submarine were sent to the bottom.

The British admiralty adds to the conceded losses by Germany two dreadnaughts of the Kaiser class—vessels of 24,700 tons—destroyed, the blowing up of one battle cruiser, the damaging of two other vessels of this class and the ramming and sinking of a German submarine.

Probably Greatest Battle of History.

London, June 3.—Picking its way from its base in the Kiel canal the German High Sea Fleet on Wednesday afternoon emerged into the North Sea and off the coast of Jutland engaged a Britsh fleet thruout the afternoon and night in what probably was the greatest naval battle in the world's history so far as tonnage engaged and tonnage destroyed was concerned.

When the battle ended Great Britain had lost the Battle Cruisers Queen Mary, Indefatigable and Invincible, the Cruisers Defence, Black Prince and Warrior and eight torpedo boat destroyers while the German battleship Pommern had been sent to the bottom by a torpedo and the Cruiser Wiesbaden sunk by the British gunfire. In addition several German torpedo craft were missing and the small Cruiser Frauenlob had last been seen badly listed and was believed to have gone to the bottom. These losses have all been admitted by Great Britain and Germany.

Claims Warspite is Sunk.

Aside from Great Britain's conceded losses Germany claims that the British Battleship Warspite, sister ship of the Queen Elizabeth and one of the largest and most powerful ships afloat, had been sunk, that the Battleship Marlborough, a vessel of 25,000 tons had been hit by a torpedo and a submarine had been destroyed. Great Britain also added to Germany's acknowledged losses with the claim that one dreadnaught of the German Kaiser class—vessels of 24,700 tons and carrying a complement of 10,088 men—had been attacked and destroyed by Britsh torpedo craft that another battleship of the same class was believed to have been sunk by gun fire, that one battle cruiser had been blown up and two others damaged and that a submarine also had been sent to the bottom.

Great Britain's admitted loss in tonnage was 114,810 for six battle cruisers and cruisers. That of Germany, excluding the tonnage of the Wiesbaden, of which vessel there is no record, was 15,172. The tonnage of the capital ships sunk by the Japanese in their fight with the Russians in the battle of Isushima in May, 1905 aggregate 93,000. Twenty one Russian craft were destroyed in this fight including six battleships and four cruisers. The remainder of the sunken craft consisted of coast defense and special coast vessels.

That the casualties in the fighting of Jutland was heavy is indicated by the fact that the crew of some 900 on board the Indefatigable only two men are known to have been saved. Full details of the fight, in which Zeppelins are declared to have taken part, are being gathered by the British admiralty and pending their receipt the censor is withholding permission to correspondents to send out stories from London.

German Admiralty Report

Berlin, June 2—By Wireless to Sayville—The text of the German admiralty report of the naval engagement follows:

"During an enterprise directed to the northward our high sea fleet on May 31st, encountered the main part of the English fighting fleet which was considerably superior to our forces.

"During the afternoon between Skagerak and Hornriff a heavy engagement developed which was successful for us and which continued during the whole night.

"In this engagement so far as known up to the present, there were destroyed by us the large Battleship Warspite, the Battle Cruisers Queen Mary and Indefatigable, two armored cruisers, apparently of the Achilles type, one small cruiser, a new flagship of destroyers, the Turbanant Nestore and Alcaster, a large number of torpedo boat destroyers and one submarine.

"By observation which was free and clear of objects it was stated that a large number of English battleships suffered damage from our ships and the attacks of our torpedo boat flotilla during the day engagement and thruout the night.

"Among others the large battleship Marlborough was hit by a torpedo. This was confirmed by prisoners.

"Several of our ships rescued parts of the crews of the sunken English ships, among them being two and the only survivors of the Indefatigible.

"On our side the small Cruiser Wiesbaden was sunk by hostile gunfire during the day engagement and his majesty's ship Pommern, during the night, as the result of a torpedo, were sunk.

"The fate of his majesty's ship Frauenlob, which is missing and some torpedo boats which have not returned yet, is unknown.

"The high sea fleet returned today (Thrusday) into our port."

Tug Takes Wounded Into Port

London, June 2—A despatch from Rotterdam to the Reuter Telegram company reported the tug boat Schelde entering the new waterway with dead and wounded men from the naval battle. A steam trawler also was reported on the way to Ymudien with fiftcen rescued Germans, including three officers.

Germany Orders Celebration

Berlin, via Amsterdam to London, June 3—An army order was issued today commanding that flags be raised thruout the city and a holiday declared in the schools in celebration of the German naval victory.

DEMOCRATS NAME MARTIN GLYNN TEMPORARY CHAIRMAN

ST. LOUIS, Mo., June 2—Martin Glynn, former governor of New York was elected temporary chairman of the National Democratic convention by a sub-committee on arrangements of the national committee here tonight.

J. Bruce Kremer, national committeeman from Montana was chosen temporary secretary of the convention and John R. Larkin, temporary sergeant-at-arms.

DANES FIRE ON ZEPPLIN

Copenhagen, via London, June 2—The Politiken says that sentries fired numerous shots at a Zepplin airship passing over Fance Island and that the airship withdrew over the international boundary. This, the newspaper adds, was the first time the Danish soldiers had fired against a belligerent airship.

DETAILS OF BATTLE EAGERLY AWAITED

U. S. NAVAL OFFICERS SILENT AS TO WHERE VICTORY RESTS

Lack Knowledge of Objects Sought by German Fleet—Battle Does not Materially Affect Relative strength of Fleets.

Washington, June 2—Naval officers and members of the congressional navy committees were eagerly awaiting tonight, details of the naval battle between German and British fleets. The meager reports available established beyond question that it was the most important naval engagement of the war in point of ships involved and casualties whatever its effect otherwise may be.

Lacking knowledge of the object sought by the German fleet, officers here would not hazard statements as to where victory rested.

While the British suffered the loss of more ships, according to the official statements of both sides, if they stopped an attempted raid and dorve the fleet to its base, they could claim success it was thought.

On the other hand if the movement of the German fleet described merely as enterprise by the German official statement was only an exercise cruise or an attempt to lure the enemy into a trap apparently the victory was theirs.

The location o fthe fight threw no new light on these questions. It took place, according to official statements some place north of Horn Reef off the lower coast of Denmark. Presumably the German fleet came out of Wilhelmhaven and returned to that port. Officials here have been informed that the German fleet has been engaged in cruises and target practice in these waters as a matter of routine for months past. According to this information the fleet or such portion of it as is sent moves out under the protection of Zepplin scouts which see that there is no superior force of the enemy within a wide radius. In this connection it has been stated that one time when the Zepplin scouts were not used an attempted raid was foiled and the Doggerbankk fight, in which the German battle cruiser Blucher was lost resulted.

Neither official statement tells how the British battle cruisers were lost, whether by gunfire, mines or torpedoes. Nor do they state definitely which fleet was compelled to draw off. The British statement says the Germans avoided prolonged action with the main British forces, presumably meaning the supporting battleships. Officers pointed out however that the German statement reported that survivors of one of the sunken British battle cruisers were picked up by German ships. The battle has not materially affected the relative strength of the fleets according to the view of American officers.

DUNNE CALLS ON YOUNG MEN TO ENLIST IN NATIONAL GUARD

Gives Address of Welcome at Annual Dinner of Illinois Bar Association.

Chicago, June 2.—In his address of welcome at the annual dinner of the Illinois State Bar Association here tonight Governor Edward F. Dunne called on all the young men of the country to enlist in the national guard.

"Tomorrow, thruout this state, its six million people will demonstrate in public processions their readiness to uphold the hands of the president and congress in all sane measures designed for sane preparedness," said the governor.

"Among the best ways to prepare is for the young men to volunteer at the regular recruiting of the federal government and at the headquarters of the national guard of the different states and I call upon the young men of the country, when the bill now pending before congress receives the president's signature, to show that the increase in the standing army can be secured and the Illinois National guard can be trebled, pursuant to the terms of the conference bill within thirty days after the passage of the law."

CHINESE TO MARCH IN PARADE.

Springfield, Ill., June 2.—Sixteen Chinese of this city tonight signified their intention to march in the preparedness parade here tomorrow when 15,000 persons will be in line. When asked to wear Chinese costume, teh Chinamen emphatically refused.

War News Summarized

Again the Germans have tried, but ineffectually, to breach the French line near Fort Vaux, northeast of Verdun. In fighting characterized by Paris as having been of unprecedented violence, the Germans threw attack after attack against the French line, but the French guns and machine guns tore great holes in their ranks and threw them back. In addition reinforcing battallions were caught by the French guns as they essayed to throw themselves into the fray and they were forced to retreat in disorder northeastward upon Diepe.

At one point, rowever, in the sector of Damloup, east of Fort Vaux, the Germans captured a portion of the village, the other parts of which are occupied by the French. To the west of the Meuse around Hill 304 and LeMort Homme both sides are engaged in heavy artillery duels.

On the Russian front the Germans again have brought the Ikskull bridge head under bombardment and at several other points along the line are using their big guns against the Russians.

An infantry attack near New Zelbourg was put down by the Russians.

Rome reports desperate fighting between the Austrians and Italians between the Adige and Brenta rivers. Along the Posina and southeast of Arsiero, Austrian attacks were repulsed with heavy casualties. Bombardments predominate along the great part of the remainder of the front.

Constantinople says the Russian center in the Caucasus region has been forced to retire twenty kilometers in the face of Turkish attacks and that the Turks repulsed an attack on the Turkish left wing.

The party planend to leave on a special car on the Chicago, Burlington & Quincy road. Mrs. Gavin and Mrs. Beard are daughter of James J. Hill.

Reports tha Mr. Hill left no will gained circulation in railroad and financial circles together with a report that the vast estate would be left in trust, proceeds of the trust to be shared by the heirs in the same ratio that the property would be distributed were the estate to be divided under the law.

CARRANZA DISPOSING OF TROOPS IN GENERAL ACCORD WITH PLAN

WASHINGTON, Jnue 2.—Despite the threatening tone of General Carranza's latest note, his military forces in Chihuahua state are being disposed in general accord with the plan disclosed by General Obregon during his conference at El Paso with Generals Scott and Funston. This was shown today when Genral Funston sent word that the 20,000 Carranza soldiers mobilized within the last few days at Chihuahua City had ben spread over the region not controlled by General Pershing's column in a way to carry out an active pursuit of bandits.

Secretary Baker said that General Obregon had promised to send a large numebr of men in pursuit of the bandits and all war department advices indicated that this plan was being carried out.

TAKE FOUR BODIES FROM WRECKAGE

Day Coach of Rock Island Goes Thru Bridge Near Greene, Iowa

DEAD MAY TOTAL TEN

Twenty-Two Are Injured and Number of Missing is Uncertain

NEAR CLOUDBURST CAUSE

GERENE, Iowa, June 2.—At 9 o'clock tonight only four bodies had been recovered from the wrecked Rock Island passenger train seven miles east of here. They are:

Doris Kober, aged 16, Waterloo, Iowa.

Mrs. Flora Van Vleet, 65, Traer, Iowa.

Mrs. Mary G. Gruewell, Iowa City, Iowa.

Body of girl thought to be Edith Nelson of Minneapolis.

The wreck was caused by the near-cloudburst in this vicinity last evening, causing the waters in Flood creek to undermine the south abutment of the bridge, letting the day coach of Train No. 19 fall into the creek at 3: 10 o'clock this morning. About forty-five persons were in the coach, and it is expected that the list of killed or drowned will total more than ten persons.

Miss Ruth Kober, aged 19, of Waterloo, is known to be dead, and her body is thought to be in the partially submerged coach, where the bodies of her sister, and that of her grandmother, Mrs. Van Vleet, were found.

Rock Island officials estimate that at least four more bodies are in the coach, altho the number of missing is uncertain and may run larger. The injured:

Mrs. A. Thorne, Kensett, Iowa, expected to die.

Mrs. Unzen, Davenport, serious.

George Stoker, Cedar Rapids, serious.

Charles Alfred, Louisville, Ky., severe bruises to head and eye.

K. C. Leonard, Cedar Rapids, serious.

Henry Searl, Remer, Minn., slight.

Alma Butler, Greene, Iowa, slight.

Ella Fisher, Greene, Iowa, slight.

Prof. W. G. Brandstetter, Greene, Iowa, slight.

Henry Homier, Crete, Ill., body and face cut.

Louis Shrump, Cleveland, Ohio, hands cut.

H. S. Gilkey, Minneapolis, shoulders bruised.

Conductor A. H. Tiffany, Cedar Rapids, leg bruised.

Bert Hildebrand, engineere, Rock Island, Ill., slight injuries.

James Weatherall, porter, Cedar Rapids.

W. G. Shott, news agent, Chicago, leg bruised.

Eva Malhoit, Chicago, internal injuries.

K. Malhoit, Chicago, slight bruises.

W. F. Ford, Louisville, Ky.

Wilmer Larsen, Wesley, Iowa.

J. F. O'Malley and bride, Minneapolis.

The train consisted of five steel cars, the last two being Pullmans, these not leaving the track. The engine, baggage and smoker passed over the bridge safely. As the day coach was on the first span, the abutement gave way, precipitating the coach into the creek. One Pullman extended our over the abutement and did not fall until after all occupants had been removed. The water continued to rise for setveral hours after the wreck, making rescue work extremely difficult. This afternoon it began to recede and it is believed that by morning it will be possible to get into the coach and remove the remaining bodies.

At almost the identical time of this wreck on the Rock Island, a freight wreck occurred on the Chicago Great Western railroad, two miles east of Clarksville. The cause of this wreck was the same, a bridge giving way. Eleven freight cars were plunged into ten feet of water in Beaver creek. No one was injured.

CALL GENERAL STRIKE

Kansas City, June 2—A general strike was called tonight by the building trades council which will render idle 25,000 members of the allied crafts, council officials stated. The strike was called in sympathy with the 2,000 hodcarriers and common laborers who have been refused a raise from thirty five to forty cents an hour.

HOUSE PASSES NAVAL APPROPRIATION BILL

MEASURE LARGER THAN EVER BEFORE CONSIDERED IN CONGRESS

Carries Building Program for Next Year of Five Battle Cruisers, Four Scout Cruisers, Ten Destroyers, Fifty Submarines and 130 Aeroplanes.

Washington, June 2.—The second of the big preparedness measures, a naval appropriation bill larger by many millions than any ever before considered in congress, passed the house late today almost unanimously. It carries a building program for the next year of five battle cruisers, four scout cruisers, ten destroyers, fifty submarines and 130 aeroplanes, provides for a government armor plate plant, authorizes an increase of nearly 17,000 enlisted men and appropriates a total of $269,000,000.

As passed, the bill is in substantially the same form as framed by the naval committee. Only a few amendments were adopted during a week of debate and a final effort by Republican leaders to have the measure recommitted with instructions to add two battleships, two scout cruisers and ten destroyers was beaten 189 to 183. The fight for an increase in the building program, at least by the addition of two battleships, will be renewed in the senate when the measure is taken up there late this month and administration leaders belive it will be successful.

Only four representatives voted against the passage of the bill to 358 favoring it, and as the roll call progressed the overwhelming majority of "ayes" stirred the Democrats to repeated cheering. The four negative votes were cast by Representatives Browning, New Jersey, and Graham, Pennsylvania, Republicans; Randall, California, Prohibitionist, and London, New York, a socialist.

Twenty-five Democrats voted with the Republicans today for the motion to recommit and increase the building program. There were indications tonight that the proposal to provide for at least two battleships would find strong support among Democrats in the senate.

The two dreadnaughts recommended by Secretary Daniels were stricken out of the bill by the house committee and an additional battle cruiser substituted as a compromise to meet the demands of the so-called little navy men.

SEN. LEWIS STATES AMERICA'S DUTY OF TOMORROW IS ACTION

Illinois Senator Declares America Demands Right to Preserve Institutions of Freedom for Man.

Chicago, June 2—"America's duty of tomorrow is action," was the keynote of an address delivered by Senator James Hamilton Lewis tonight at the banquet of the Illinois State Bar Association. He spoke on "the lawyer and the world tomorrow."

The speaker declared that America demands the right to preserve the institutions of freedom for man and to restore the doctrines of justice among people. For America to sit silent amidst the falling ruins of the mother-world is desertion of duty and to shrink from "crying halt" to the crashing kingdoms and the slaughter of people is cowardice.

Albert B. Early of Rockford was elected president of the association at the closing of the session in the afternoon. Other officers elected were Edgar Bronson Folman, Chicago, first vice president; Leslie D. Puerbaugh, Peoria, second vice president; R. Allen Stephens, Danville, secretary; Franklin L. Velde, Pekin, treasurer and to the board of governors John F. Voight and Roger Sherman of Chicago, Logan Hay, Springfield; George H. Wilson, Quincy; C. M. Clay Burtain, Kankakee; and Walter M. Provine, Taylorville.

WHITE GETS FINE AND PRISON TERM.

New York, June 2—Bouck White, pastor of the Church of the Social Revolution who last night partioipated in the burning of the American flag and other national emblems in the rear of his church, was today found guilty by the court of special sessions of desecrating the American emblem and was sentenced to thirty days in the penitentiary and to pay a fine of $1,000.

NO AGREEMENT ON G. O. P. CANDIDATE

Outcome Seems as Much in Doubt as Ever After Conferences

TALK OF DARK HORSE

"Favorite Son" Managers Believe Nominee Will Be One of Their Men or Dark Horse

CLAIM ROOSEVELT WILL WIN

CHICAGO, June 2—There were numerous conferences between party leaders today but so far as cou'd be learned, no agreement on candidates was reached and there was no development that accurately indicated which candidate is likely to be nominated for president by the Republican national convention.

Situation Remains Unchanged

Tonight the outcome seemed as much in doubt as ever and the situation remained unchanged. While on the surface the fight appears to be between Roosevelt and Hughes or Roosevelt against the field there was a marked increase in activity at the headquarters of the various "favorite son" candidates. Managers of the Root, Weeks, Burton, Fairbanks and Sherman booms insisted that their candidates would remain in the fight until the end. After tabulating the vote claimed for Roosevelt they expressed the opinion that the successful candidate would either be one of the "favorite sons" or a dark horse. Thep lan of the old organization leaders is said to be to try and win first with Root and if they fail in this effort to give Burton, Weeks, Fairbanks and herman a tryout in the convention in the order named. In the event of failing to put over any of these the plan is to try and win with a dark horse, according to reports in circulation.

Senator Warren G. Harding of Ohio and Governor McCall of Massachusetts were mentioned as dark horse possibilities.

Claim Roosevelt Will Win

Friends of Roosevelt claim he will win after the formality of giving the "favorite sons" candidates a complimentary vote has been disposed of while Hughes supporters declare that their candidate would be nominted early in the proceedings.

There was a suggestion made today that committees be appointed by the Republicans and Progressives to confer in an effort to decide on a candidate who would be acceptable to both sides, but George W. Perkins chairman of the executive committee of the Progressive party said he had not heard of the plan.

"In our statement issued in January we made the first advance in the interest of harmony and we think it is up to the Republicans to make the next move," said Mr. Perkins. "Of course we are for Roosevelt and we think we have an unanswerable argument why he should be named by the Republicans. We are willing to confer with the Republicans on the question and if they will not accept him and suggest another man, we are willing to talk about it. We do not know what the Republicans will do at their convention but we do know that the people want to vote for Roosevelt for president next November."

Perkins Denies Report

Mr. Perkins took occasion to deny that he or the Progressive party's executive committee are paying the expenses of the delegates to the Progressive national convention.

Harding May Be Permanent Chair-

Ohio, temporary chairman of the convention, may be made permanent chairman of the gathering according to a plan discussed by party leaders today. Senator Sutherland of Utah is the only other name mentioned for the place thus far.

Senator Henry Cabot Lodge of Massachusetts is said to be slated for chairman of the committee on resolutions which will draft the party platform.

George Vonl Meyer, in charge of the Roosevelt Republican headquarters, issued a statement denying that any attempt will be made to use the Chicago preparedness parade tomorrow in the interest of Roosevelt. The statement reads in part:

"The electric flash signs which the committee has been using will display on Saturday evening only slogans urging preparedness and will contain no mention of Colonel Roosevelt's name. In carrying out this order, Chairman Meyer is following instructions from Colonel Roosevelt."

Walter A. Rosenfield of Rock Island, Ill., said today that the expense of the pre-convention campaign being made in behalf of Sen-

The Way to Live Long

Three score years and ten is by no means the limit of usefulness either mentally or physically, if one may judge from the example of Mrs. Salsbury Covert of Marion, Ohio. Today Mrse. Covert is eighty years of age but she manages the largest farm in Marion county. She works closely with her tenants and encourages them into the newer methods of agriculture and directs the erection of all the permanent improvements made upon her lands. This wonderful woman is the daughter of Colonel Washington W. Conklin, and her marriage occurred sixtyone years ago. Mrs. Covert has lived carefully and she explains her great age and activity by the simple statement that she has never had time to grow old. Certain it is that those who live active busy lives seem to have a larger number of allotted years than persons who spend their time in idleness.

Either because of intense interest in present day political affairs or because the people have become used to diplomatic "situations" during recent months, few have seemingly paid much attention to Carranza's recent note to the U. S. government. The note has been called sharp and insulting, but under the circumstances the majority of the people who have given the subject any thought at all incline to the belief that the president of the de facto government was writing for the effect the communication might have on his none too loyal followers. That President Wilson will not recall American troops has been the unequivocal statement from Washington and the public thoroly approves this statement.

Women at The Big Convention

One of the interesting visitors at the Republican and Progressive National Conventions next week will be Mrs. Alice Roosevelt Longworth. She has seen every Republican national convention during the past dozen years, and keenly enjoys the political game. Other women who are coming include Madame Da Gama, with the Brazilian ambassador, Mrs. Larz Anderson, Mrs. Chauncy Depew, and Mrs. Henry Corbin, widow of Lieut.-Gen. Corbin. Many of the senators and representatives will bring their wives. Chicago women who will entertain lavishly include Mrs. Robert McCormick, Mrs. Medid McCormick, Mrs. Marshall Field, and the Countess Gizycka.

War Relief Exhibit

It is expected that the bazar for the aid of sufferers in the war zone of the allies which is to open today in New York City will give a great impetus to contributions. This exhibition was, of course, designed for this purpose and visitors are thus to receive very realistic impressions of the battle front. The French government has sent hundreds of tons of guns, aeroplanes and other war materials that have seen active service. Their battered and worn condition are confidently expected to impress the spectators anew with the seriousness of war.

It is fortunate—or unfirtunate, just as one looks at the matter—that no exhibition can depict one half of the actual horror and suffering which the war is causing. An exhibit which could portray that suffering would bring millions to the relief fund, but the depressing effect would live for years in the memories of all who attended the exhibit.

Political Pointers.

The fate of Claude Kitchin will be decided at the primaries in North Carolina today. As chairman of the Ways and Means Committee in the House, he has opposed administration policies, and a rival has been put in the field with the backing of Wilson adherents.

Raymond Robbins, former Democrat, and booster of land value taxation, will sound the keynote for the Progressives at Chicago. He made the run for the Senate in this state on the Moose ticket two years ago, and polled 114,000 votes.

Suffrage for women gets before the voters of Iowa on Monday. Some of the liveliest campaigners from east and west have stumped the state during the past few months.

Congress will recess over the national convention days. Three day adjournments will be taken up to June 20.

Senator Henry A. Du Pont of Delaware, seventy eight years old, will again make the run for the Senate, he announces, throwing defiance to his cousin, Alfred I. Du Pont, who defeated him for delegate to the National Republican Convention.

Preparedness Parade Today

Over 100,000 Chicagoans, it is said, will join today in the big parade for preparedness. This demonstration will be only one of many which will take place in cities great and small in all parts of the country. The parades have been planned for the two-fold purpose of exhibiting the patriotic spirit of the citizens of the United States and for impressing the need of greater defenses. The citizen who believes that the present army and navy ace adequate and that coast defenses are sufficient, will have no place in the parade today. But citizens who do believe that the army and navy should be increased and that advance steps should be taken for coast defenses, properly belong in today's demonstration. It matters not how the advocates of preparedness may differ as to the exact extent of additional defenses, if they are dissatisfied with present conditions, this is the day to show that spirit.

From all indications the world will have proof tonight that patriotism is rife in America and that public sentiment is overwhelmingly in favor of greater preparations, not for war but against war.

Rippling Rhymes

FISHING TIME.

The fish are frequent in the brook, and I must take my line and hook, and see if I can catch a shark that will occasion some remark. I know not why I always feel like going after trout or eel, about this season of the year; the inclination's rather queer. For well I know I will not bring, when I come home, a decent string; some bony fish that would not fetch a half a plunk will be my catch. And I'll be spotted o'er with sores, where all the insects out of doors got in and teeth and o ther red hot things, and teeth and other redhot thing. And I'll be sunburned, I suppose, until the bark peels off my nose, and I'll be coated thick with mud, from falling in the babbling flood. I'll be a ruin of the jay who in the morning went away, all blithe and gay and joyous-eyed, Apollo in his pomp and pride. I know all this, and yet, by jing, I must go fishing every spring; it is a stunt imposed by Fate—so here is where I dig some bait.

TENNIS TOURNAMENT PLANNED WITH ENTRIES FREE FOR ALL

Play Will Begin June 12 and Finals Will Be Held at Nichols Park July 4—Trophies Will Be Given.

Three beautiful trophies have been secured for the winners of the city tennis tournament, which is to be held at Nichols park June 12 to July 4. They will be awarded the winner and "runner up" of the singles and to the winning team in the doubles.

Entries in the tournament are open to all and already a number have turned in their names to the general committee, H. J. Rodgers, Wilfred Ayers and Fred E. Darr. A registry fee of twenty-five cents has been fixed upon, which will be used to furnish nets and markers and defray incidental expenses. Entries will close Wednesday, June 2, when there will be a drawing for places in the preliminary. Actual play will begin June 12. The convenience of the players will determine the time of the preliminaries and of the second round. The finals will be played on July 4.

Score cards will be furnished by the committee and players will hand their scores to Wilfred Ayers after each game. The tournament represents a departure in city sports. In Jacksonville there are a number who have acquired considerable skill in tennis and indications point to fast contests and good scores.

A Discovery about your TEETH
Tonight, if you will closely examine your teeth after brushing them, you will make a surprising discovery.
Though you have been cleaning your teeth regularly, you will find an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. Your dentifrice has not been REALLY CLEANING!
Loss of teeth is usually due to one of two conditions—Pyorrhea or Decay—both of which ordinarily develop only in the mouth where germ-laden tartar is present.
CLEAN your teeth—REALLY CLEAN them! Senreco, a dental specialist's formula will do it. Senreco embodies specially prepared, soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea.
Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect yourself against Pyorrhea and decay. Send 4c to Senreco 304 Walnut St., Cincinnati, Ohio, for trial package.

l States Senator Penrose of ania was among the prom- rivals of the day and his ters were soon the meet- e of prominent Republicans fferent parts of the coun-

his all day conferences Sen- nrose said he was still of an open mind with regard to who he will finally support for president.

Senator Penrose was asked if in the event the favorite sons are eliminated and he finds the drift of sentiment is for either Hughes or Roosevelt would he support either of them.

"Such a situation", he replied, "would have great weight with me."

"Then you would support Roosevelt if you found he were the stronger."

"All I can say is that I came here neither for nor against any candidate."

Prominent in the scheme of decoration in the headquarters of the Roosevelt Republican committee is a four foot guard typifying a "big stick."

It was sent to headquarters by J. W. Callehan of the Illinois Old Soldiers' Home at Danville.

The line-up of the New York delegation on the first ballot continues to be a source of much speculation. The several headquarters of the New Yorkers are split up principally between Hughes, Roosevelt and Root put out statements favorable to their respective candidates. Tonight it was said that the delegation on the first ballot will probably give 34 votes to Root, 10 to Roosevelt and 43 to Hughes.

THREE WEDDINGS ARE FORETOLD AT DOUBLE ANNOUNCEMENT PARTY

Boxell-Pyatt Wedding Here June 7—Miss Jane Leck Will Wed in Canada—Miss Helen Leck Soon to Wed Luther Lashmet.

James Pyatt and Miss Jane Leck will wed next week in Fernie, British Columbia, terminating in happy manner a romance which dates from the school days of the participants. Miss Bess Pyatt and Walton Boxell will be married Wednesday, June 7, and the same day will leave for their home in Marion, Ind.

It was at a charming handkerchief shower given for the brides-to-be by Mrs. R. L. Pyatt Friday afternoon at her home, 204 North Church street, that these two approaching nuptial events were made definitely known, nor was this all, for when a tell-tale rose was handed also to Miss Helen Leck, it was received by the guests as the omen of a third wedding, to take place soon in Kansas City. The popularity of the old time wedding in June seems never to wane.

For some time the engagement of Miss Helen Leck to Luther Lashmet of Kansas City has been known among friends of the prospective bride and tho Miss Leck would give her hostess no permission to make the afternoon event a "triple announcement," the date of the wedding is known to a few and by some is said to be the first week in July,, or perhaps sooner.

Mrs. Pyatt was assisted in the entertaining by her sister, Mrs. J. Wesley Robertson of Prentice. Helen Pyatt and Jane Robertson brought in the gifts, daintily arranged in pretty baskets. Pink and white carnations and spring flowers were on the dining table and in the rooms of the Pyatt home. At the punch bowl were Misses Josephine and Elie K. Pyatt. The thirty-two guests included only intimate friends of the brides-to-be.

The wedding of Miss Pyatt and Mr. Boxell will also be the culmination of a school-day courtship. Both young people are well known in Jacksonville and both are in every way deserving of the many good wishes they will receive. Mr. Boxell is associated with his father, D. C. Boxell, in, a mercantile business at Marion, Ind. Miss Pyatt was last year enrolled among the teaching force of the city schools.

Miss Leck will leave for Canada on an early train Sunday. She will go first to Chicago and expects to arrive in Fernie June 8. There a quiet wedding will take place and there they will make their home. Mr. Pyatt has for the past few weeks held a responsible position with a grocery firm in the British Columbian city. It was first the intention of Mr. Pyatt to meet his bride at the United States border, several hundred miles this side of Fernie, but business duties made this plan inconvenient and it is understood that Miss Leck will proceed to Fernie for the wedding.

No one is disappointed who buys his clothing of Knoles.

CHICAGO WILL SHUT UP SHOP FOR PREPAREDNESS PARADE

CHICAGO, June 2.—Chicago will shut up shop tomorow and concentrate its energies on making the preparedness parade a success. Courts, the city hall, factories and stores will close; street cars will adopt routes which will not interfere and the weather, if predictions come true, will be perfect for the occasion.

It will be a big parade, one of the biggest in the history of the country but just how big canot be accurately forecast. Estimates run from 150,000 to 200,000 marchers.

Excursion trains are expected to bring thousands of visitors into the city and hundreds of thousands of persons are expected to view the demonstration. Thruout the city residences, flat buildings, factories and shops were decorated with the American colors to an extent seldom equalled.

Governor Dunne and Mayor Thompson will review the parade.

PROGRESSIVES FAVOR ATTITUDE OF CONCILIATION TOWARD G.O. P.

CHICAGO, June 2.—Some of the delegates who arrived here today for the national convention of the Progressive party which opens the same day the Republican convention holds its initial session said that the attitude of the Progressive party toward the Republican organization should be one of conciliation. These delgates were also of the unanimous opinion that no candidate but Colonel Theodore Roosevelt would be strong enough to defeat President Wilson in November.

Among the Progresive that arrived today was Frank H. Funk of Illinois.

"It is the logical thing to do," he said, "and the nomination of Theodore Roosevelt will come nearer accomplishing this than anything else. It is not a question of what were the issues of 1912. A new issue confronts us and the colonel is its greatest exponent."

SOCIAL EVENTS

The Kresge Girls Society Met.

Thursday evening the association of the lady clerks of the Kresge 5 & 10 cent store met in their room in the second story of the building and proceeded to have a fine time. STATE NEWS NOTES

Southern Conference Date Fixed—Announcement has been made by Rev. Z. J. Farmer of Duquoin, secretary of the southern Illinois M. E. conference, that the annual conference will be held at Robinson, Sept. 13 to 23. About three hundred ministers and an equal number of laymen will attend. Bishop Quayle of St. Louis will preside.

Became Insane on Train—J. B. Carnahan, a news agent on the Lake Erie & Western, became violently insane just as the train was leaving Tipton, Ind., recently. He fought the train crew and passengers all the way to Peoria, but was finally overpowered and turned over to the police there. As is often the case with the insane, the man displayed wonderful strength.

Clayton Youth Wins Rhodes Scholarship—Sometime in August Chester V. Easum, of Clayton, is to sail for England to begin his Oxford studies under a Cecil Rhodes scholarship. This scholarship came to him as the result of a competitive examination held some months ago. In that examination Mr. Easum made the best average grades and he was also successful in the final test held in Chicago, where the personal appearance and manner of the contestants was also passed upon. The young man graduated from the Clayton high school and subsequently took a course at Knox college. He is twenty-one years of age.

LeRoy Considers Municipal Plant—The city council of Leroy is considering the question of building a municipal light and pumping station. At the present time the city has three deep wells and the water is pumped to a standpipe 110 feet high and the power is purchased from a private comany at 4 1-2c per k. w. The city now pays the company for both light and power a little more than $300 a month.

Oil in Pike County—Traces of oil have been discovered in Hadley township near Baylis and prospectors are now busy in the endeavor to secure leases on a large amount of Pike county natural gas has been in use for three years and there have been various explorations for oil. In the past it has never been found in paying quantities, but there are many who believe that Pike county will yet become a productive oil and gas field.

Methodist Minister's Wife Dies—Mrs. Nancy L. McCoy, widow of the late Rev. M. S. McCoy, died recently at her home in Mt. Sterling. Mrs. McCoy came to this section of the state from North Carolina when a child and lived with her parents near Mt. Sterling. She was married to Rev. M. S. McCoy Oct. 7, 1880. He was for many years a prominent minister of the Methodist church and died a few months ago.

Suits Filed Against Danville—Two suits for $10,000 each have been filed in the circuit court at Danville against the city by the widows of Albert Holmes and Albert Shanks, members of the fire department who lost their lives when the Odd Fellows building in Danville burned in February, 1915. A third suit has also been filed by Capt. Clarence Kenner of the negro fire company, who was terribly burned at the fire. The city had previously given one year's salary to each of the widows and had paid Kenner's hospital bill.

Hard Road Contract in Macon County—Ben F. Harrison has been awarded the contract for the first section of state aid road to be built in Macon county. He gets the work on his bid of $27,151.64, which was about ten per cent below the estimate made by the commission.

BLOC PLANS FOR SPEEDY CONCLUSION OF CONTESTS

CHICAGO, June 2.—Plans for the Republican national committee for a speedy conclusion of the delegate contests pending before it were blocked today by a map of evidence and argument presented from the congressional district of Georgia in each of which there is a contest. Committee action yesterday, when the four delegates at large from Georgia, known as the Jackson faction, after their leader, Henry S. Jackson, and credited with favoring the candidacy of Elihu Root, were seated, which it was believed presaged a similar disposal of the district contests did not result as expected and announced. Several delegates of the opposing, or Henry Blun faction, who were said to be ready to vote for Justice Hughes, were seated by the committee in a ten hour session in which Georgia politics from precinct to congress district were bared to the national committeemen.

TO PRESERVE THE HAIR

When your child is grown, the condition of and the amount of his or her hair will depend largely upon the way it is cared for now.

The human hair is composed of about 175,000 delicate oil plants.

Ordinary soaps and shampoos will soon destroy the natural oil and the fatty roots of these plants making the hair dry and brittle or destroying it entirely. EVERY WEEK SHAMPOO is an Anti-Septic Oil Shampoo that cleanses and purifies the scalp thoroughly and leaves the hair just as nature intended, soft, fluffy, silky, and the scalp slightly moist with oil, but no surplus oil in the hair.

If men would use EVERY WEEK ANTI-SEPTIC OIL SHAMPOO instead of the strong alkali shampoos which are so commonly used, they would preserve their hair rather than invite baldness. EVERY WEEK SHAMPOO dissolves and removes the dandruff (dry or oily), opens the hair cells, feeds and strengthens the famished roots and leaves the hair clean, soft, fluffy silky and the scalp healthy. A weekly application for men and children and every other week for women keeps the scalp clean, healthy and the hair in excellent condition.

EVERY WEEK ANTISEPTIC OIL SHAMPOO contains both mineral and cocoanut oils which cleanse the scalp and give the hair plant the oil which is required. It lathers freely removes any surplus oil, but does not remove the natural oil which healthy hair requires.

Chicken Pot Pie

The Chef's Favorite

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

Some folks think that only "colored mammies" can cook chicken, but a trial of this famous chicken pot pie disproves that assertion. Every member of the family will thoroughly enjoy it.

K C Chicken Pot Pie, Baked Dumplings

One fowl cut in joints; ¼ cup flour; ½ teaspoonful salt; black pepper; 2 cups flour; 3 level teaspoonfuls K C Baking Powder; ½ teaspoonful salt; ¼ cup shortening; milk or cream.

Cover the fowl with boiling water and let simmer until tender, then remove to a baking dish. Mix the ¼ cup flour, salt and black pepper with cold water to a smooth paste and use to thicken the broth. Remove the fat from the top of the broth if necessary before adding the thickening. Pour this gravy over the fowl, until it is nearly covered, and reserve the rest to serve apart. Sift together the flour, baking powder and salt, three times; into this work the shortening and use cream or milk to make a dough, less stiff than for biscuits. Put this by spoonfuls over the fowl in the dish, which it should rest upon and completely cover. Let bake about 35 minutes.

When young, tender chickens are scarce, this presents a most satisfactory way of serving old fowls. Veal or lamb prepared in this manner is more appetizing than when served as a stew. Try this and the 89 other delicious recipes in the K C Cook's Book, a copy of which may be secured free by sending the colored certificate packed in the 25-cent can of K C Baking Powder to the JAQUES MFG. WILL TRY KENTUCKY GIRL FOR MURDER OF RIVAL

Evidence Against Ella Monroe Charged With Death of Eva Gregory is Circumstantial — Both Young Women Loved Same Man.

Elizabethtown, Ky., June 2—Miss Ella Monroe, aged 21, one of the belles of this section of Kentucky, is in jail here awaiting trial on the charge of murdering her rival, Miss Eva Gregory, who was slain on March 21, while returning to her home on horseback. Love letters from Clarence Quiggins, now living in Illinois, the former suitor of Miss Monroe and more lately enamored of the slain girl, will play an important part in the trial, which is expected to take place this month. Tragedy, which plays such an important part in the life of the mountaineers, is combined in this remarkable case with mystery.

The evidence against Miss Monroe is circumstantial. No one saw the person who ambushed her rival and fired the fatal shot. But the state's attorneys have established the fact that both girls were in love with the same man; that the gun with which the murder was done was in the Monroe home both before and after the shooting; that the girls had not spoken to each other when they met in a store just before the shooting; that the tracks of a woman's shoes were found at the scene of the tragedy, and that they led toward the Monroe home.

There is much conflict of evidence as to the movements of the accused girl on the afternoon of the shooting. In her alibi, Miss Monroe will attempt to prove that she was not at the soene of the shooting, and could not have arrived there in time.

The Monroes and the Gregorys are neighbors, and have been fast friends. The two girls went to school together, and to church together. This continued until someone told Ella Monroe that Clarence Quiggins had taken her friend home from church one Sunday. Quiggins and Miss Monroe had long been sweethearts. There was a quarrel, but they made u and became engaged. Later reports that her sweetheart was paying attention to Miss Gregory aroused further jealousy, it is said in the neighborhood. The girls became estranged, and have not spoken to each other for some time.

Quiggins moved to Illinois, promising to mary Miss Monroe at Christmas time. When he returned, she charged him with being fond of her rival. There was a quarrel, and Quiggins went away.

On Tuesday, March 21, Ella Monroe was in the postoffice reading as Gregory entered. The girls did not speak. Ella Monroe left first, and she was accompanied half way home by another girl. When Miss Gregory left the store, it was about three o'clock. At 3:30 she was shot and killed near her home, and the riderless horse galloping down the road attracted attention to her misfortune.

Miss Gregory had been shot over the heart, and her waist had caught fire. The gun wadding was from a 28-gauge shot gun, and the only weapon of this kind in the neighborhood had been loaned by a hired man on the Monroe farm.

In the soft earth by the roadside was the marks of a woman's shoes. These have been preserved. A place was found where the wearer had removed the shoes and walked for some distance in her stocking feet. A pair of shoes fitting the tracks exactly was found hidden in the Monroe home.

BURN AMERICAN FLAG AND COLORS OF MANY OTHER NATIONS

New York, June 2—An American flag and the colors of many other nations were burned tonight in a "melting pot" suspended on a tripod in the yard in the rear of the Rev. Bouck White's church of the Social Revolution. The "ceremony" was conducted by Albert Henkel introduced as "an artist". After the colors had been destroyed, Helkel unfurled the banner of 'international industrialism". White will be tried in a magistrate's court tomorrow on a charge of desecrating the American flag by drawing a cartoon in colors which showed the "Banner of internationalism" breaking over the colors of the United States and other countries. This cartoon adorned the Call of his church.

The prayers which were offered at the services tonight called for the "deliverance" of White and compared him to the Christian martyrs of old.

SUED FOR DAMAGES

The case of C. D. Johnston vs. Alva Rexroat and Frank Rexroat was heard in Justice Dyer's court Friday. The trial commenced at 9 o'clock and lasted until 4: 30, when a verdict was returned by the jury. The case was one wherein Johnston was suing Frank Rexroat for damages sustained by Rexroat's automobile colliding with a horse and buggy belonging to Johnston in Hardin avenue last April.

Johnston was represented by Bellatti, Bellatti & Moriarty, while Rexroat's attorney was J. O. Priest. The jury elected to try the case was composed of F. W. Sibert, S. T. Maddox, Edward Landreth, L. Kelly, C. A. Meyers, and F. H. Howard. After hearing the evidence, the jury returned the following verdict:

'We, the jury, find that a tender of $11 was made to the plaintiff, C. D. Johnston, before this law suit was started. We also find the damages to the horse and buggy is $11. We also find the plaintiff, C. D. Johnston, shall pay the costs in this case."

Mr. and Mrs. Albert Sheary of Tallula made a shopping trip to the city yesterday.

INDIANA NOW CELEBRATES CENTENNIAL

Main Observance at Old State Capitol—Notables Attend Festivities.

Corydon, Ind., June 2.—The main celebration of Indiana's centennial opened here today, at the old State Capitol. Throughout the State celebrations are being held to commemorate the birth of the state. Corydon's celebration, however, will be memorable because it was here that the first state capitol was located and the first constitution was drafted.

Among the notables who will speak during the two days of festivity are Governor Samuel Ralston, Congressman Herrill Moores, grandson of the first treasurer of the state, former Vice President Charles W. Fairbanks, former U. S. District Attorney Frank C. Dailey, and Russell P. Harrison, grandson of Governor Harrison.

The school children of Jeffersonville and New Albany have joined with those of this town in a pageant to be given today, and tomorrow five hundred children from Evansville will give their drills and folk dances on the green. The children will depict the early life and history of the town.

Corydon is rich in history, and many of the old landmarks remain to be viewed by the thousands of visitors who are flocking to the celebration. The old elm, known as the Constitution Elm, where it is said the members of the first legislature met and drafted the constitution, still stands, a giant in stature. The first state capitol is in perfect preservation, and will stand for another century. It is built of heavy limestone, quarried from the hills near town. It was erected in 1811 by Dennis Pennington, whose only surviving child, Mrs. Graham, now 90 years old, is attending the centennial today.

The town received its name from the song "Corydon," a favorite of Gov. William Henry Harrison. When he made his regular trips to this county to look after his land and grist mill, he stopped with a family that was musically inclined. A daughter in the home was a sweet singer, and he always asked her to sing "Corydon." When the town was laid out, and Governor Harrison asked the family what it should be named, the young girl suggested "Corydon."

On June 10, 1816, the delegates to the first Constitutional convention met here, at the then territorial capitol. In November of the same year, the legislature met here, and on December 11, 1816, the formal admission of Indiana into the Union took place.

Cincinnati 6; New York 4

New York, June 2—The New York Nationals made their first home appearance this afternoon since the spectacular road trip which brought the club from eighth place to second and before a large crowd, lost an exciting thirteen inning game to Cincinnati 6 to 4. The veteran Mathewson was pounded for six singles and three triples in three innings for four runs. The New York players were presented with separate loving cups to commemorate their great road trip. Manager McGraw was ordered off the field in the sixth inning by Umpire Eason, for protesting a decision.

WILLIAMS OF WISCONSIN EASILY DEFEATS SQUAD IN PRELIMIDARY

CHICAGO, June 2—R. E. Williams of the University of Wisconsin sped over the 440 yards of the quarter mile preliminary in the trial heats of the conference meet at Evanston today in fifty and three fifths seconds, easily defeating the squad which competed with him and making a showing that indicates he may give Binger Dismond the Chicago colored boy, a close battle for leading honors in the event tomorrow.

Dismond, was not forced to extend himself and won his heat in :51. Daggy of Missouri ran second to Dismond and Wyatt carried Missouri's colors in second to Williams. Only two heats were necessary to dispose of the quarter milers and the entrants in the half were so few that that event was postponed until tomorrow.

Interest today among spectators at Northwestern Field centered in the practice work of California great squad of field athletes.

WESLEYAN CLINCHES CHAMPIONSHIP

J. O. Priest, Attorney.

STARTED ON AUTO TRIP.

Prof. W. H. P. Huber has had a great time getting out of Jacksonville since the close of the schools. He has a Ford car which he wanted to use during the summer and so decided to ride in it to his home in Ohio and later back to Chicago where he is to take a summer course in the university. About each day this week he planned to go but Jupiter Pluvius was against him day after day until yesterday morning when he said goodbye to his Jacksonville friends and started east.

ATHLETES ASSEMBLE FOR CONFERENCE TRACK MEET

Indications Are That Contests Will Be Greatest Ever Held Under Big Nine Auspices—More Than Twenty Institutions Have Representatives.

Chicago, June 2.—Athletes who hold world's records in three events or who have tied others will compete in the Conference track meet on Northwestern field, Evanston, today and tomorrow. Only a few preliminary events are scheduled for today, the main numbers starting at 2 o'clock tomorrow afternoon.

The entries, from more than two dozen institutions, indicate the meet will be the best ever held under Big Nine Auspices. California's great team, which scored well up in the points at the Intercollegiate meet last Saturday, will be represented by the same strong organization. Missouri, with Bob Simpson, holder of the world's high hurdle record and of a tie for the world's record in the low hurdles, is counted on to win many points. Of the Conference squads, Illinois and Wisconsin are considered the best.

Arlie Mucks, the Badger giant, holds the world's record in the discus throw and is believed to be strong enough in other weight events to count well for Wisconsin. Illinois contributes Ames to the list of stars. He is credited with having done as well as Simpson in the low hurdles. Hoyt of Grinnell, another entrant, holds the world's record in the 220-yard dash around a curve.

Sprints Promise Sharp oCntests

The sprints will be especially well contested, though Hoyt, on his best performance this year, should nose out his competitors. He is credited with 21 1-5 seconds in the 220-yard event and 9 4-5 in the century, made this year, but his later marks were not so good in either. Hohman of Illinois is probably the likeliest sprinter next to Hoyt, but the field will be large and the points at the finish should be well divided.

Binga Dismond, the colored lad wearing the Maroon of Chicago, is the best in the 440-yard dash, according to records made this spring. He has done the quarter in 49 2-5 seconds. Close competition may be expected in this event from O'Leary of Kansas, who is credited with 50 1-5 seconds, and Wyatt of Missouri, who has done the quarter in 50 3-5.

Rodkey of Kansas is probably the best half-miler entered. In a meet two weeks ago Rodkey did the distance in 1:54 4-5. Harvey of Wisconsin appears to be next best with 1':57 3-5.

Lively duels are expected in the one- and two-mile runs between Stout of Chicago and Mason of Illinois. Mason, in a meet two weeks ago, broke the Conference record by doing the distance in 4:18 1-5, against the 4:21 4-5 made recently by Stout. In the two-mile, Stout last Saturday broke the Big Nine record, running in 9:26 4-5, which compares with Mason's 9:33 1-5.

Simpson's 14 3-5 seconds made at Columbia last week should win him the 120-yard high hurdles easily. Ames has done 15 2-5 over the high sticks and his team mate, Bush, may be expected to count a point or two in the same event. Both Simpson and Ames have done the low hurdles in 23 3-5 seconds.

If Maker of California takes part in the high jump, the westerners may be expected to score five points in that event, as Maker leaper 6 feet, 1 1-4 inches in the Cambridge meet, though he did not win it. Pittam of Missouri and Frizzell of Kansas Agricultural College have done 5 feet, 11 inches, and Fisher, Chicago, and Webster, Illinois, have done 5 feet 10 inches.

Simpson's Record Jump.

Simpson should shine again in the broad jump, as the 23 feet 10 inches he has done this spring is better than that of his rivals. Maker again should prove a factor, as he jumped 23 feet 1 7-8 inches at Cambridge, but Pogue of Illinois is second best in the records to Simpson with 23 feet 8 1-2 inches.

Pattison of Kansas and Powell of Missouri have done the best in the pole vault with a tie at 11 feet 9 inches; Erwin of Drake has a mark made this year of 11 feet 7 inches, while Burgess of Illinois and Fisher of Chicago have done 11 feet 6 inches, in spring meets. Huston of Wisconsin, who tried for first place last year in the vault at 12 feet 3 inches, was injured in a fall from a horse early in the spring and it not expected to compete. Culp of Illinois is a likely point winner in the vault.

Arlie Mucks leads the discus hurlers with a world's record heave of 155 feet 8 inches. His mark of 43 feet 1 1-2 inches is better than any one's now performing in the shot put in the country has done, though Leveredge of California, who heaved the shot 46 feet 2 1-2 inches in the Cambridge meet, undoubtedly will crowd the big Badger.

Lansche of Illinois had qualified as one of the best javelin throwers in the country with a mark of 171 feet 1 inch, made in the Madison meet recently. The javelin is an added event this year on the Conference program, but besides Lansche, Hauser, Minnesota, credited with 161 feet 6 inches, and Brodie, Chicago, who has done 146 feet 4 inches, are considered good men.

Wisconin's 3:22 2-5 in the mile relay may prove the best, but Chicago is sure to have a team in the race that will rush the Badgers.

Miss Ruth Wheeler has gone to Exeter to visit Mrs. Clayton Stewart.

Warm Weather Battery Hints

With the pleasant days of summer, comes a tendency for every motor car owner to overlook the necessary care of certain parts of his car which can't be seen.

One of these parts is the storage battery, and because of the important part it plays in starting, lighting and ignition, too much emphasis cannot be laid upon its care.

On this account, the Willard Storage Battery Company are instructing all of their 750 service stations to advise car owners throughout the country on the essential points of warm weather attention to batteries, probably the most important of these is water. During the summer, a storage battery should receive pure distilled water at intervals of a week or ten days. This is necessary because of the evaporation of the solution which gives the battery its life. If this solution is allowed to leave a portion of the battery plates exposed to the air, these plates will deteriorate and the life of the battery will be greatly shortened.

Another point to consider is the hydrometer test to determine specific gravity of the solution. This test should always average 1.280 and in cases where the car owner does not want to make the test himself, he can have it made free of charge at any Willard Service Station. If the battery is allowed to go below the gravity mentioned, it will gradually run down and refuse to turn over a starting motor or operate the electric lights.

By watching these two most important things, any car owner may expect the very best service from his storage batteries.

We have as complete a workshop and a force of as good mechanics as will be found in this section of the state. No job too large or too small but what it can be handled and done in the right way.

HAVE TAKEN LONG TRIP IN THEIR FORD

G. W. Langneaid and Party of Boise, Idaho, Here Yesterday—Tourists Returning From Visit in Baltimore.

G. W. Langneaid of Boise, Idaho, with four companions, was in the city Friday in his Ford car. Mr. Langneaid and his companions started from their home last fall and traveled across the country to Baltimore, where they have spent the winter and spring months. The trip was taken primarily for the benefit of the health of one of the party. In addition to the passengers the equipment carried weighs 280 lbs.

Aside from occasional delays on account of bad roads, Mr. Langneaid had no trouble at all on the long journey thus far and their Ford car has measured up to all that is claimed for Fords in "making good" in long travel at light expense. After taking supper here the tourists started westward, as it is their plan to travel several hours at night when road conditions are favorable.

STOCK MARKET EXPERIENCES A SOMEWHAT SEVERE UPHEAVAL

Liquidating Movement of the Last Hour Gathers Force as It Proceeds.

New York, June 2.—The stock market experienced a sudden and somewhat severe upheaval today after an early period of active strength, in the course of which several important new high records were registered. Rumors adverse to the cause of the entente allies were circulated during the intermediate session but it was not until almost the final hour that the report of the German admiralty was forthcoming.

Prior to that time, the list had disclosed 1 to 4 points in rails of various classes . Specialties, particularly the automobile group and rubber issues identified with the motor indutry were higher by 2 to 5 points . Former leaders of the munitions and equipment classes were comparatively heavy and the metal group reflected pressure of the character recently noted.

The liquidating movement of the last hour gathered force as it proceeded, rails being affected to the same extent as the more mercurial issues. There was only one marked exception, Willys-Overland and recovering all its loss and closing at its early high . Total sales of stocks amounted to 715,000 shares.

Forecasts of the week's known cash movements point to only a nominal gain by local banks, notwithstanding the steady accessions of gold from Canada. Bank clearings were somewhat diminished by the intervening holiday, but were largely in excess of the corresponding week of last year. Bonds were irregular, but mercantile marine 4½s kept pace with the shares of that company. Total sales of bonds par value were $4,725,000. U. S. 3s declined ¾ percent, registered 4s ¼, coupon 4s ½ and Panama 3s 1 per cent on call.

ANNOUNCEMENT OF BRITISH LOSSES CAUSES RREAK IN WHEAT

Prices Close Weak 2 to 2⅛ Cents Net Lower—Other Leading Staples Undergo Setback.

Chicago, June 2.—Announcement of heavy losses by the British in a naval battle with the Germans caused a sharp break today in the value of wheat. Prices closed weak, 2@2⅛c to 2⅛c net lower, with July at $1 03½@⅝ and September at $1.05⅝. Other leading staples too, underwent a setback—corn ½@⅝ to ⅝c, oats ⅛ to ¼@⅜ and provisions 10 to 37½.

Altho the wheat market had been tending downward from the outset of trading, it was not until news came of the battle in the North Sea that prices began to descend in earnest.

Where before the selling had been somewhat of a scattering character, a general rush to the bear side now ensued. The popular theory was that one consequence of the battle would be to bring about a renewal of peace talk and thus have at least a temporarily depressing effec: on wheat prices whether peace was ultimately brought nearer or not. Under such conditions the market showed no power to rally and with unabated liquidation, short selling and lack of support finished at about the lowest prices reached.

Weakness of quotations at Liverpool was chiefly responsible for early declines in the wheat market here. The chief reasons given were that arrival of suppiles in Great Britain has been on a large scale and that abundant receipts were likely to continue as huge stocks were pressing for an outlet in several conutries and as the 1916 harvest had already begun in the United States. All such factors were lost sight of however, when word was received of the encounter in the North Sea. Corn receded only to a small extent as compared with wheat. Bears were cautious on account of the lightness of receipts and owing to improved shipping call in the southwest.

Oats like corn held relatively firm Estimates were current that acreage reductions this season would cut down the crop 25 per cent from last year's total.

Provisions sympathized with the break in wheat. The market was also bearishly affected by the big warehouse stocks here and elsewhere in the west.

HOG PRICES HARDEN BECAUSE OF SUPPLY BEING RESTRICTED

Cattle Offerings Lack Finish—Buyers are Inclined to Minimize Demand for Sheep and Lambs.

Chicago, June 26.—Hogs prices hardened a little today on account of the supply here being somewhat restricted. Cattle offerings lacked finish. Buyers were inclined to minimize as much as possible their demand for sheep and lambs.

GREAT BOOSTER DELEGATION IS NOW ARRIVING IN CHICAGO

Thousands of Friends of Candidates Will Work for their Favorites the Coming Week—Parade and Button Hole Methods.

According to predictions of managers and workers for the different candidates who will enter the ring at the big Republican nominating convention in the coliseum next week, Chicago is about to become the center of one of the greatest political demonstrations ever staged in the United States, according to the Chicago Evening Journal.

Special trains bearing hundreds and thousands of boosters for "favorite sons" will begin to roll into the city Saturday. James B. Reynolds, secretary of the national committee, is being besieged by requests by letter, telegram and telephone from every part of the country for permission to offer up special prayers, deliver special two-minute addresses of guidance and direct the singing of old-time melodies. Every device known to gain entrance to the convention, is being tried.

Via special train and automobile, boosters will begin to invade the loop Sunday night. The Indiana headquarters today announced that upwards of 2,000 persons—men, women and children—will swoop down upon the city in relays with banners, megaphones, and all the regulation noise-producers with the one object—to boost for Fairbanks for president.

The Sherman Phalanx

Simultaneously, the Sherman downstate advocates will begin a systematic noise-producing drive on or about Monday morning. There will be upwards of 2,000 of them, according to the managers. There will be nearly 1,000 from the senator's home town. There will be bands and parades and parades and bands.

And, it is said, there will be not a few genuine Lincoln frock coats.

Incidentally the Sherman workers plan what they declare will be the most unique political onslaught in the history of presidential conventions. Upward of 3,000 workers—of the quiet, confidential, buttonholing kind—will be turned loose on the delegates. These will begin to arrive via special trains Sunday night. Their duty will be to take delegates off into quiet corners while their fellow workers are demonstrating before the electorate and weave the spell of Lawrence Y. Sherman as a duplicate of other presidents Illinois has sent to the white house to do credit to the nation.

A historic club—the Columbus Glee club—is due in Chicago Monday. It will come primed to sing the merits of Burton of Ohio. This club has been in attendance at Republican conventions for forty years and has contributed to the ceremonies attendant upon the inauguration of Republican presidents for equally as long. There are 400 of them, all sweet singers. They will be led by Henry Dougherty, Republican nominee for senator in Ohio.

In addition there will be special trains loaded with boosters from Cleveland, Toledo and other large centers in the Buckeye state.

Monday the famous Columbia club of Indianapolis will load its members, 400 strong, on a special train with each man prepared to say nothing but "Fairbanks" from the time of departure until the time of discontinuance is withheld, pending developments.

The Conservative Mr. Moses

In keeping with the aversion of George Moses, who is one of the leading sponsors for Senator Weeks, a staid and dignified contingent of Massachusetts business men will enter the city quietly during the early part of the week. Mr. Moses abhors pyrotechnics. Therefore they will be taboo.

Flags, brass bands, and fireworks are expected to upset even the dignity of the handsome traffic policemen. Men with romantic whiskers, Henry Clay and Lincoln hats—senators, governors, kingmakers and expert political mechanicians—are now mingling with almost remarkable ease and familiarity with persons of lesser distinction. The mightiest and the lowliest brush shoulders, and the spirit is contagious. So even the staid Senator Weeks and the "refuse to be stampeded into demonstrativeness" believers in former Senator Root are expected to succumb to the fever.

So much for the advance notices. It remains to watch the crowd swell.

The Anniversary Pageant, or May Day Pageant, will be given Saturday, June 3, on Illinois Woman's College Campus, 4:30 p. m. General admission will be 20cents for each person. In case of rain, the Pageant will take place Monday at 4:30 o'clock. Owing to danger of accident, no vehicles will be permitted on campus drives during or immediately preceding the Pageant.

ATTENDED SCHOOL BANQUET.

Mrs. Felix Simms has returned from Tallula where she attended the banquet given the graduating class of the high school of that place. There were 76 plates and the event was a fine one. After the bill of fare had been discussed, music, readings and speeches were the order of the occasion until a late hour.

RIVALS PLAY HERE SUNDAY

Manger Smith of the local Independent baseball team is lining up a fast team for Sunday's game with the Springfield Rivals. Second Baseman Riley and Outfielder Tate last Sunday here with the Seals have been signed by Manager Smith, and will be seen in the line-up. The line-up will appear later.

Fred August of Bluffs was added to the list of the city callers yesterdayg.

AMERICA IS GIVING LEAST

The nation-wide appeal for funds for the relief of the innocent sufferers by the war in Europe and Asia issued by the Federal Council of the Churches of Christ in America contains a statement of the facts in regard to the American efforts at relief which shows that they contrast poorly with those of other nations. It says in part:

"The Belgian Minister of Finance stated recently that our country has given seven millions directly to Belgium. In other words only seven cents per capita; while New Zealand, bearing its own war burdens, has given a dollar and a quarter per capita to Belgian relief. England, staggering under the war load, has received and cared for thousands of Belgian refugees, and given millions of pounds besides.

"It was thought that the United States, the only great nation untouched by the war, might furnish the food supplies for Belgium, but the Commission was obliged to ask food from the whole world to save Belgium from starvation. It must be remembered also that the gifts to Belgium from our country include the large contributions from our philanthropic foundations, so that the total of popular contributions is smaller than it appears.

"The American Serbian Relief Committee has raised about $260,000. The British Serbian Relief Committee three months ago had raised a million and a half pounds ($7,500,000) and France two million francs ($400,000).

"To the Armenians we have given about $1.00 for each sufferer, covering the entire period, and this is largely money from two or three large givers. It has not touched our people as a whole.

"This is a pretty fair indication of the way war relief is being contributed in other countries beside America. It should be said that the Jews of America have given in aid of their people generously.

"In answer to our inquiries, an officer of the Belgian Relief Committee reports that the total money gifts from this country to April 1st, 1916, to all of the war sufferers was $23,740,342. Since these gifts were compiled, the Belgian Commission alone has received somewhere around $125,000 thru the efforts of the Daughters of the American Revolution in celebration of King Albert's birthday. Of course, the sums mentioned do not include the vast amount of work performed by different societies, organizations, groups of women, etc., who devote a great amount of their time to providing all sorts of surgical necessities. No price has ever been put on this material. It is merely shipped to one of the allied countries."

CONCORD.

Mr. and Mrs. L. L. Zerby returned to their home in Eureka, on Wednesday morning after a few days visit in this vicinity.

Marion F. Henderson went to Eureka on Tuesday to visit and see the college.

Mrs. John Eskew received an interesting letter recently from Miss Helen Pratt, formerly of Joy Prairie, but now of Eagle Rock, Calif. She also received a neat post card picture of Miss Pratt and mother, Mrs. Lyman Pratt, and Miss Mabel Mathews. Mrs. Eskew prizes both letter and pictures.

Mrs. Henry Northrup and daughter Grace are visiting Mrs. Sam Brockhouse and family.

Road Commissioner George Northrup had men at work Tuesday afternoon on a culvert near John Aldorson's. It was a much needed improvement.

The Ladies Aid of the Christian church meet today, Thursday at Warren Blimling's.

In the obituary of Elizabeth Zerby in Wednesday's Journal, it should have said that Mrs. Zerby became a charter member of the Chrisuan church in 1867, after having been a member of the M. P. church for a few years.

Mrs. J. B. Ratliff went to Passavant hospital Wednesday for treatment.

M. O. Mathews of Jacksonville was calling on Tom McDaniels and others in this vicinity on Wednesday.

This region was visited by a heavy rain and electrical storm on Thursday morning about 3:30 o'clock. The ground was just about dry enough for farmers to work again and now we will be laid out again for some days.

We understand that a large corps of workmen are busy on the new house for Lewis Rexroat, to replace the one destroyed by fire recently.

Basil Ator of Jacksonville and J. W. French of Chapin were Tuesday visitors here.

Miss Ethyl Plank spent Sunday with her friend Miss Alma Brockhouse.

Mr. and Mrs. A. J. Wheeler and children came up Wednesday from Roodhouse to see Mrs. Wheeler's mother, Mrs. Nergenah. A. J. Wheeler was in Concord on Thursday between trains.

F. Ravenscroft of Versailles was a recent visitor at Elmer Plank's.

Elmer Brockhouse has a sick little girl.

Alfred Brockhouse is able to be about again.

The writer of these notes is enjoying the luxury of a broken right forefinger. The question is, can the printer read such copy.

ATTENDED ORPET TRIAL.

Edward Kastrup of this city, who has been in Waukegan the past k, has written friends here of attending the Orpet trial. He said that a vast amount of interest centers about this court proceeding, wherein already more than 900 men have been examined as possible jurors. Sentiment is divided as to the guilt of the young man.

CHAUTAUQUA PROGRAM HAS BEEN PRACTICALLY COMPLETED

Directors Have Secured Numerous Strong Attractions—Tent Reservations Already Made—Mr. Dial to Be Platform Manager.

Unless all indications fail, the 1916 chautauqua, which will be held August 18-27 inclusive, will be a great event, even better, if possible, than its predecessors. A strong program has been practically completed by the directors after a very careful investigation. Among those to appear will be Dr. C. S. Medbury, Bob Seeds, Dr. Brougher, T. A. Daly, Byrns of the Mountains, Maude Ballington Booth, the Saddlers and Senator Kenyon. Excellent musical features are assured by Jeffries concert band, the White Huzzars, Henby's orchestra of Cleveland, O., and the Metropolitan quartet of New York City. Plans are being worked out for several special days and no effort will be spared to make the 1916 chautauqua popular in every way.

An unusually large number of reservations for camping space have already been made by families from the surrounding country as well as from Jacksonville, and a big tent colony is assured. The contract for a spacious auditorium tent has been completed with the Peoria Tent & Awning company, and suitable tents for the campers have also been provided. These are only some of the details which have been worked out for the pleasure and comfort of the people.

The able manner in which Mr. H. H. Bancroft filled the position of platform manager during last year's chautauqua was greatly appreciated by the board of directors and at a meeting in October they unanimously voted to offer him the position for the coming chautauqua. Mr. Bancroft, however, decided that he could not well accept the directors' proposition and at a recent meeting the directors selected Mr. J. H. Dial for the position. Mr. Dial, who has been principal of the Murrayville public schools or the past ten years, is now a citizen of Jacksonville, and is considered well qualified for the position as platform manager. The directors believe that he will enter upon the duties of the position with enthusiasm and will contribute his full share toward the success of the chautauqua.

Y. M. C. A. BOYS ARE IN CAMP AT MATANZAS

Camp Correspondent Declares All the Boys Are Having the Time of Their Lives—The Daily "Order of Exercises."

Camp Lake Matanzas, June 2.—10 a. m.—Arrived at camp, two wagon loads of boxes and sixteen hon-yaks from Jacksonville. A busier bunch you never saw—wagon unloaded as quick as a wink, bunks selected, boxes carried in the cottage and food unpacked.

11:30 a. m.—Lunch time and everybody on the job. Everybody brought lunch from home and it tasted good all the way down.

1 to 3 p. m.—The cottage was made ship-shape and then everybody got the fishing fever. Everybody caught fish. Curley Reeve distinguished himself in two ways. He caught eleven fish which was more than anyone else got, and besides he landed a nice, one and one-half pound carp, which was the largest and also caught a turtle. Cummings caught nine, Summers eight and Fritz Capps and 'Fatty" Smith caught two apiece.

3:30 p. m.—Swim. C'mon in, the water's fine. The beach was cleaned up, moss removed and lots of other things done while the swimming was going on.

6 p. m.—Supper. Such a yell when Brew rang the supper bell. Jackson the cook had some supper prepared and how it did disappear. Mulligan Reck thought he had the eating honors, but Fritz Capps and Glen Bartlett stayed right with him.

7 p. m.—Mulligan Reck and Slim Hackett bring up a big row boat from Harry Starkweather's. The camp is now supplied with enough row boats to take the entire party out at once.

8 p. m.—The big stunt is on. It was promenade night. Brew officiated at the piano and a song fest ensued for thirty minutes. Some singing, too. Then the real stunt was on. After the grand march the lobby was cleared and the couples took their turn at cake walking around the room. Mulligan Recker was the judge, and he awarded Benson and Struck first prize and Wilkinson and Winchester second place. At 10 o'clock the pajama and night shirt parade was on. At 10:15 all were in slumberland.

BIRTHDAY PARTY

Yesterday marked the ninth anniversary of the birth of Master Harrison Hogue, and so his parents decided to have the event duly celebrated by a party to which three times three little friends were invited. All came on time, the list being made up from schoolmates of the young man, and all proceeded to have a good time at the Hogue residence, on West College street. Games and various amusements, dear to the heart of childhood, were enjoyed and the hours of the afternoon passed pleasantly and swiftly away. Nice refreshments helped to make the event a success and the little guests departed, wishing their young host many happy returns of the occasion. A number of nice presents were received and much treasured by Harrison. Those present were Joyce Lander, Farrell Crabtree, David Lander, Eleanor Andre, Esther Chipchase, Louise Chipchase, Leslie Hogue and brothers.

SOME FARM TOPICS

How To Farm With Tractors.

The National Tractor Demonstration, to be held in St. Louis, Mo., July 31—August 4, inclusive, will be a valuable educational short course in power farming for both the man actively engaged in farming and the city owner. The demonstration will interest the people who are engaged in road construction and contracting, and merchants who are dealing in farm equipment will be able to spend a few days on the grounds profitably.

The first work which the modern farm tractors will do is to prepare the seed-bed on 2,000 acres of land in the beautiful Florissant Valley, in St. Louis county. The land ranges in value from $300 to $500 per acre. This interesting operation will consist of plowing, harrowing, discing, and packing. Then will come the planting of the crops, such as drilling in wheat, grass seed, etc.

Late planted oats will be harvested with grain binders hitched behind tractors. Headers and corn harvesters, in actual operation will be shown. There will be road making every day, such as road grading, dragging, hauling material for road building, etc.

The belt work will show what modern farm tractors can do in operating ensilage cutters, corn shellers, feed grinders, hay balers, shredders, saws and country lighting plants. The tractor will also prove to farm owners that it is profitable to haul manure spreaders, pull stumps, haul water, draw loads of hay, and in other ways take the place of the tired horse.

This demonstration is one of the eight to be held in the United States this year, and the only one under the management of the National Tractor Manufacturers' Association within 250 miles of St. Louis. The business men of St. Louis were able to bring more than 200 tractors together with the other machinery to that city only after being guaranteed that the demonstration would be largely attended. To bring this about the railroads have agreed to operate special trains to the demonstration grounds at a fare of ten cents, with no admission fee or expense of any kind on the grounds.

Sweet Clover for Feed and Fertilizer

Sweet clover is far past the experimental stage, both for feed and fertilizer, its value for both purposes having been fully established. In some places in the South sweet clover has been used as a farm crop for more than twenty years, both for hay and pasture. But sweet clover does not grow on sour soils, and where the plant grows wild one may be sure that the soil is not sour. It thrives where there is abundance of limestone in the soil.

In both the North and South have found many limestone outcrops covered with sweet clover, places where the soil contained too much limestone to permit cultivation. The plant is very sensitive to acid conditions, perhaps even more sensitive than red clover, and to sow it on sour soil with no application of limestone is merely to throw away the seed.

Red clover grows best on acid soil, altho it will also grow on soil containing plenty of lime if not crowded out; but sorrel cannot compete with sweet clover on well limed land. The scarcity of sweet clover in many counties in Illinois is due to the acidity of the soil . It can be grown successfully by liberal use of ground limestone and proper inoculation with the sweet clover bacteria, which are the same as the alfalfa bacteria.

An Illinois investigation with sweet clover was made to ascertain the fertilizing value of the crop when full grown. The total crop harvested was found to contain, per acre, 10,367 pounds of dry matter and 197 pounds of nitrogen, while the roots to a depth of 20 inches contained 2,410 of dry matter and 31 pounds of nitrogen.

One ton of average fresh farm manure contains 500 pounds of dry matter (1,500 pounds of water) and 10 of nitrogen; so that the acre of sweet clover would furnish as much humus-making material as 25 1-2 tons of manure, and as much nitrogen as 22 4-5 tons of manure. Dr. C. G. Hopkins, in The Farmers' Review, Chicago.

A Hindrance to Farming

Animal and vegetable pests are probably the greatest hindrance to successful farming. They are distributed everywhere, and without constant vigilance even the best farmer cannot hope to keep his crops free from them.

The annual loss from insects in the United States approximates a billion dollars. The same authority points out a yearly loss from potato blight of $36,000,000; from grain smuts, of $33,000,000; from grain rusts of $20,0000,000; and from cotton wilt, of $10,000,000. And these are by no means all of the plant diseases.

Theoretically, at least, this loss is all preventable. Practically, it is not all preventable under present conditions, because there are some men who will take no precautionary measures. In a large proportion of cases, fortunately, the farmer who follows the right methods can keep the pests off his own farm, and he will, as he should, reap the due rewards. This will mean in every case a stimulus to better farming on the part of the whole community.

FIGRING ON KITCHEN AT STATE HOSPITAL

Local contractors have received plans and specifications and have for several days been figuring on the new kitchen to be erected at Jacksonville State hospital. The kitchen will be modern in every particular and the probable cost will be about $35,000. Bids will be opened by the Board of Administration June 13.

OBITUARY.

Brief notice was made recently of the death of Ralph Robinson, little son of Mr. and Mrs. J. R. Myers, which took place May 25. By request the following notice, which appeared in the Franklin Times, is published:

"Ralph Robinson, son of Mr. and Mrs. J. R. Miers, was born near Pisgah, March 15, 1907, and passed away at 2 o'clock Thursday afternoon, May 25, 1916, at the Lincoln home. In early childhood an affliction came upon little Ralph which lingered until his death. His last illness was only of a few weeks duration and while the hearts of those he leaves behind are sore they realize that his pain has ceased and he is at rest.

"He is survived by his parents, two brothers, Ray D. and John Leroy, and a host of relatives and sympathizing friends.

"Funeral services were conducted from the Asbury M. E. church at 11 o'clock Monday in charge of Rev. W. E. Keenan, of Franklin.

"Music was furnished by Mr. and Mrs. Bert Rawlings, Leslie Cox, Edgar Oxley and Samuel Darley, with Mrs. Darley as accompanist. The flowers were cared for by Mrs. J. A. Walters and Mrs. Ernest Jones.

"Interment was made in Asbury cemetery. The bearers were Misses Irene Oxley, Velma Story, Ruth Ebrey and Hazel Jackson."

MANY GATHERED TO GREET FORMER JACKSONVILLE PASTOR

Informal Reception Given for Rev. Russell F. Thrapp of Los Angeles—Program Indicated High Esteem in Which He Is Held.

When members of Central Christian church learned that their former pastor, Rev. R. F. Thrapp, now of Los Angeles, Cal., would be in the city Friday and a part of today, arrangements were immediately made for a reception at the church. The plans were made by the members of the Y. P. S. C. E. and others. As a result there were nearly eight hundred persons who gathered as an evidence of the very warm place that Rev. Mr. Thrapp still holds in the hearts of the Christian church people.

Frank Byrns was chairman of the evening and after all in the large company had the opportunity of shaking hands with Mr. Thrapp, there came a call to order and a short program of informal addresses, interspersed with special numbers, was carried out. The chairman referred to the great pleasure the members of the church found in again welcoming Mr. Thrapp and assured the minister that this feeling was shared by, hundreds, altho not members of the Christian church. As the first number of the program, Miss Teachout of Illinois Woman's college sang "The Boat Song" and "Philosophy," with Miss Mary McGee as accompanist. A violin obligato was played by Miss Charlotte Hungate. This number was very greatly enjoyed.

Church Officers Spoke.

A. C. Rice, as chairman of the board of elders, spoke briefly and mentioned how helpful Mr. Thrapp's pastorate had been to the officers of the church. A violin solo, Adagio from Suite 3 by Riess, was played with musicianly excellence by Miss Mabel Forrrester. C. L. Mathis, superintendent of the Sunday school, was the next speaker and in his remarks he told of Mr. Thrapp's great interest in the Sunday school and how the work had been established and had grown during his pastorate.

Miss Alma Harmel of Illinois Woman's college gave as a reading two scenes from Dickens' "Tales of Two Cities." Miss Harmel gave this reading at her recent graduating recital and last night, as then, the presentation impressed the audience with her unusual talent.

As mayor of the city, Henry J. Rodgers, offered brief words of welcome to Rev. Mr. Thrapp, who was termed one of the most successful citizens that Jacksonvillie ever had. Mrs. Julian Hall sang with great acceptance "If I Could Call the Years Back" and "Two Roses."

Work Here Helpful.

Then Mr. Thrapp adressed the company in the very happy way which in years gone by had served to give him such a warm place in the hearts of the Christian church people. The minister said that a man would be less than human who did not appreciate the presence of so large a company and the kindly words that had been spoken. He said that his work here in Jacksonville had prepared him in many details for his pastorate in Los Angeles, and that whatever success he had met in his work on the coast was due in large measure to the experience he had gained from association with the members of the Jacksonville church. In closing he expressed his sincere gratitude to the assembled friends for their expression of confidence in him and said that the knowledge of their esteem and friendship would ever furnish an inspiration for his best effort in Christian work.

Mr. Byrns said that it was a matter of great regret to Rev. M. L. Pontius, pastor of the church, that he was unable to be present and join in the expression of friendship for Mr. Thrapp, but before it was known that the former minister was to be here Mr. Pontinus had accepted an invitation for an address at Robinson, Ill. The church parlors had been very prettily decorated for the reception with flowers and streamers and in every detail the arrangements were such that the occasion will long be remembered with pleasure not only by Mr. Thrapp, but by everyone of the many who attended.

Has Strong Church in Los Angeles.

Mr. Thrapp is now pastor of the First Christian church of Los Angeles, the mother church of the denomination in California. Since he began his pastorate there, a little less than five years ago, he has received into the church more than twelve hundred members. He has received the highest honors that can be bestowed on a minister in Los Angeles, that of being chosen president of the federation of Protestant churches in Los Angeles, comprising more than three hundred organizations. It is an organization for church unity and righteousness and is a very important body. He sees a great many people from Illinois as his church is a down town structure, easily accessible and is sought by many tourists to the Golden State. He was pleased last evening to receive a telegram from the secretary of his official board assuring him that they missed him, would stand by him and desired his safe return. Several Jacksonville pastors were present last night and assured the gentleman of their unchanging esteem and Christian fellowship.

ACADEMY GRADUATES PROGRAM AT THE WOMAN'S COLLEGE

Interesting Exercises Drew An Especially Large Audience—Diplomas Presented by Dr. Pitner.

One of the largest audiences ever assembled in Music Hall heard the graduating exercises of the Academy of Illinois Woman's College Friday evening. The program was one of unusual merit and the audience expressed frequent approval of the various numbers.

After the processional march by the class which was played by H. V. Stearns prayer was offered by Rev. Frederick B. Madden of Grace Church. The first number was a chorus by Misses Nora Alexander, Sara Deitrick, Birdie Spindler, Nellie Rives, Agnes Bright, Mary Willson, Hazel Shepherd and Ruth Harker with Miss Mildred Barton at the piano. Two numbers, "I would That My Love," and "Roses Everywhere," were given. The rendition showed the excellent training that had been received and both numbers were heartily applauded.

Two essays, one by Miss Ruth Hine, "Wilson for President," and by Miss Ruth Harker, "Roosevelt for President" were then given. The essays showed the result of careful preparation and were given in splendid manner.

Readings were given by Miss Marion Jane Robinson, "Who's Afraid;" Miss Frances Sconce, "The Sugar Plum Tree" and Mamie Kennedy, "Ann of Green Gables." All of the young ladies displayed unusual ability and the audience showed its approval of the numbers.

Miss Anna Revis sang in a charming manner, "The Sunlight Waltz," and the program closed with a piano quartet, "In the Hall of the Mountain King," played by Misses Hazel Shepherd, Mildred Barton, Louis Land and Julia Stuckey. The number was given with fine understanding and revealed careful preparation.

After the presentation of diplomas by Dr. T. J. Pitner, president of the board of trustees, the benediction was pronounced by Dr. F. M. Rule.

MANY DESIRE CHIEF POSITIONS IN JACKSONVILLE SCHOOLS

Members of New Board Receive Many Applications for Principalship and Superintendency—Two Local Men Apply.

As the time before the first meeting of the new board grows shorter applications for position grow more numerous, especially for the city superintendency and the principalship of the high school. Tho little has been given out by the members of the board, there seems much available material from which to choose.

E. G. Bauman, for a number of years superintendent of schools at Quincy, is among recent applicants, it is understood. Mr. Bauman is an experienced school man, well grounded in educational principals and a man of seasoned judgment.

L. W. Haviland of Watseka is among the more recent men to be considered for the superintendency. Mr. Haviland is a man of middle age, with a clear record of success in school administration.

T. W. Cox, principal of the township high school at Lawrenceville is applying for the principal position as is Mr. Thrasher of Hutsonville.

G. G. Rafferty of Knoxville has for several days been in the city in the interest of his candidacy as has Mr. Waites of Princeton. Both have given evidence of high qualifications as school administrators and both have been received with considerable favor.

For the high school position T. C. Callihan of Galesburg is among the applicants. As the successful head of the Galesburg high school he has found it possible to approach the local board with a strong recommendation.

The only two Jacksonville men to apply have been W. C. Springgate and W. H. P. Huber. Should Mr. Springgate be appointed to the principalship, Dean W. Geer, it has been widely rumored, would stand in line for the headship of the commercial department, the position Mr. Springgate has held the past few months and few better selections could be made by the board to fil this vacancy. Both men have had experience of value as business colltege executives and both possess a wide clientele of friendship.

AMERICAN TELLS ABOUT AWFUL SCENES AT VERDUN

New York, June 2.—"I have just left Verdun, but I feel as if I had obtained a leave of absence from hell," was the statement made today by William H. C. Walker of Bingham, Mass. Walker has been in France for a year, serving as an ambulance driver for the American Ambulance Hospital.

"What I saw is almost indescribable," he said. "The nearest hospital was fifty miles from the front. We would approach the firing line in our ambulances and wait there during artillery bombardments which lasted for days. You can imagine what that meant—one continuous roar of shells.

"Then the bombardments would suddenly stop and there would be periods of awful silence. We of the ambulance corps would say to one another, 'Is this war, or what is it?' During the periods of terrible silence we would be sent out to gather up the wounded, of whom there were hundreds.

"The losses of Verdun are almost inconcivable. Of regiments sent to the front there would be only handfuls of survivors. I expect to go back, but when my leave of absence has expired, I will feel as if I was returning to the infernal regions."

THE TRI-ENNIAL REUNION OF THE PHI ALPHA SOCIETY

A Grand Time Is Expected by This Honored Organization June Thirteenth.

This year will be the date for the triennial reunion of the Phi Alpha society of Illinois college and thorough preparations are being made for the event the evening of June 13th. There will be an informal gathering in the society hall from which all will go to the gymnasium where the banquet will be served by the ladies of the First Christian church. Following this will come the after-dinner speeches and the committee has drawn liberally on the talent of the society from far and near and a grand time may be tnticipated by all who attend.

This is an event which always attracts members from long distances and from near at home as well. It is a time when love for the order, for the college and for each other is overflowing and all gather to express it and revive the days when they were students on "the hill."

A good number of the old members may be expected and of course the local members will be on hand and from the oldest to the youngest there will be expressions of loyalty to the college, love for the society and a grand time generally .

TEACHERS MUST HAVE CERTIFICATES

President Lippincott of the board of education has called attention of all applicants for teachers' positions to the legal requirement that teachers must have certificates issued by the county superintendent of schools or the state superintendent of public instruction. This has been a requirement in the past, altho it is said that occasional exceptions have been made. With the schools operating under the general law, Mr. Lippincott says it will be necessary to strictly enforce this rule as well as all other provisions of the law.

CLASS OF SIX RECEIVE DIPLOMAS AT MEREDOSIA COMMENCEMENT

Address Delivered by Prof. R. C. Moore of Carlinville—Program Took Place at Opera House.

Meredosia, June 2.—The commencement exercises of the Meredosia high school took place at the Ray Opera house Friday evening, June 2, at 8 p. m.

An orchestra composed of Frank Skinner, Earl Hyde, Kenneth Looman, Carl Skinner, Raymond Hyde, James McGinnis and Will Schmitt played the opening march, 'On the Step," as the class of 1916, composed of Ada Moss, Elmo Galaway, Greta Looman, Ernest Nortrup and Edith Brockhouse, with the teachers, Prof. O. W. Gould and Miss Ina Gibson, President of the Board of Education C. W. McLain, Elder B. E. Hayden, Rev. S. L. Hancock, and the speaker of the evening, Mr. R. C. Moore, of Carlinsville, took their places upon the stage which had been tastefully decorated with potted plants and the class flowers, Kilarney roses. An arch of woven class colors, white and blue, with the motto, "We finish to begin," above it and '16 suspended beneath, adorned the front of the stage.

Elder B. E. Hayden opened the program with prayer. Mrs. L. H. Wegehoft then gave a vocal solo, 'Somewhere a Voice is Calling" in a pleasing manner.

The address of the evening was given by Mr. R. C. Moore of Carlinville on the subject, "Modern Conquests," which showed careful preparation and thought by the speaker. A trombone and cornet duet was then given by Earl Hyde and Frank Skinner. C. W. McLain, president of the board of education, presented the diplomas in well chosen words. Prof. O. W. Gould then made a few remarks to the class and also to the public in which he stated that the amount of $28 was in the high school treasury which would be given to the secretary of the board of education. Rev. T. L. Hancock then closed the evening's program with the benediction. The orchestra furnished several selections throughout the program.

RE-MARKING BURLINGTON WAY NEAR ARENZVILLE

Painters were busy putting white rings around the posts on State street to mark the Burlington Way route. Painters started at Beardstown Wednesday morning and will ring every wooden telephone or telegraph post to Jacksonville on the Burlington Way. The white rings will be nearly as conspicious in the night as they are in the day time in lending a guiding hand.

The Burlington trail was recently extended from Beardstown thru Astoria and Bushnell to Rock Island.

All poles were marked last year from St. Louis to Burlington and from Burlington to Cedar Rapids, the poles were marked at all corners and road intersections.—Arenzville Independent.

WABASH TRAIN WAS BLOWN FROM TRACKS NEAR SAUNEMIN

Sleeper Only Did Not Leave Rails—Mrs. Frank Elliott and Rev. Russell F. Thrapp Among Passengers But Were Uninjured.

The Chicago & Alton had a wreck Thursday, serious in property damage and marvelous because of the few injuries sustained by passengers and this record was almost surpassed by the Wabash Friday morning. The midnight special which left Chicago at 11:55 Thursday night was blown from the tracks at a point about seventy-five miles from Chicago. Every car in the train left the tracks except the sleeper, which was at the end of the train. Mrs. Frank Elliott of this city and Rev. R. F. Thrapp of Los Angeles, who were enroute to Jacksonville, were passengers on the sleeper. They reached Jacksonville on the 2 o'clock Wabash train yesterday afternoon. They had reason for thankfulness that they had escaped so fortunately from any injury.

Along with other passengers in the sleeping car, they were aroused from their berths when the windstorm came, but suffered no injury at all . The accident happened in Livingston county near Saunemin. Twenty persons in the other cars of the train were slightly injured, but it is believed that only one of the number was hurt in a serious way. The train, which leaves Chicago at 11:55 p. m., makes connection at Decatur with the train which arrives here at 7:06 a. m. The train consisted of the engine, combination smoking and baggage car, four coaches and the sleeper. The baggage car was damaged to a much greater extent than were the various coaches.

A special train was sent from Decatur and the injured persons were taken there for medical assistance. In the baggage car was a casket containing the remains of Oscar Eberhardt of Chicago, enroute to Griggsville, relatives of the deceased, Mrs. Eberhardt, the widow Oscar Eberhardt, Jr., and Mrs. Mamie Eberhardt, being passengers on the train. When the wind blew the baggage car from the track the casket was thrown against the side of the car with such force that the covering was torn off and the body thrown a distance of twenty feet. Press dispatches gave among the list of slightly injured Mr. and Mrs. C. Bean of Jacksonville, but no one of that name is resident here. Trainmen and passengers agree that it is almost unbelievable that so few persons were injured out of all the large passenger list.

List of Injured

Ernest Hoover of Taylorville, treasurer of the Illincis Deocratic congressional committee, was among those in the wreck. His hip and side were badly bruised. The injured:

William VanEck, 724 West 31st street, Chicago, shoulder dislocated.

Mrs. Wilhelmina VanEck, sprained ankle.

Miss Agnes Toemerman, 3124 Bosworth avenue, Chicago, arm bruised.

Ernest Hoover, Taylorville, hip injured.

William Cable, engineer, Chicago, shoulder injured.

Luther Calhous, waiter dining car, St. Louis, serious cuts and bruises.

S. Bradley, 4121 Dearborn ave., Chicago, finger cut off.

W. F. Couley, Dalton City, head badly cut.

G. Naguishqiski, Decatur, head badly cut.

Tim Finley, Weston, Ill., hand cut.

J. E. Ryan, Chicago, arm cut and hip dislocated.

Mrs. J. B. Milward, Lexington, Ky. arm fractured.

A. Ferfuson, Weston, Ill., right hand injured.

—— Karwidge, St. Louis, hip dislocated.

H. Gustin Schutzke, Taylorville, hip injured.

A. E. Manning, Indianapolis, hip injured.

Mrs. Osmar Eberhardt, Chicago, side injured.

Mrs. Mamie Eberhardt, Griggsville, Ill., chest crushed.

Osmar Eberhardt, Jr., Chicago, rose and foot injured.

Otto L. Price, Decatur, knee sprained.

A. E. Jones, Decatur, bruises.

Mrs. Stella Bradley, colored, Chicago, arm sprained.

Miss Eleanor Allen, Mt. Sterling, bruises.

A. H. Graham, Illiopolis, Ill., bruises.

E. G. Divan, Decatur, thigh cut.

J. O. Balcar, Chicago, head cut.
